

## MEMORANDUM OF UNDERSTANDING

Between

**Institute of Engineering Education Taiwan (IEET)**

and

**Accreditation Board for Engineering Education of Korea (ABEEK)**

Whereas:

- (A) ABEEK acknowledges its commitment to enhancing the quality of engineering education and has experience with engineering education accreditation in Korea;
- (B) IEET acknowledges its commitment to enhancing the quality of engineering education and has experience with engineering education accreditation in Taiwan;
- (C) IEET and ABEEK share a common interest in promoting quality assurance in engineering education worldwide;
- (D) IEET and ABEEK are interested in promoting cooperation with the other parties;

IEET and ABEEK agree to collaborate on engineering education and accreditation activities. To establish linkages for cooperation, they decide to conduct the following:

1. Strengthen mutual recognition of accredited programs to facilitate collaboration between Signatories.
2. Emphasize the global mobility benefits of accredited programs by increasing the exchange of students and faculty from accredited programs between Signatories.
3. Facilitate the development of common curricular or extra-curricular programs to enhance the exchange of students from accredited programs between Signatories.
4. Collaborate in supporting the goals of fostering sustainable national and international quality assurance systems for engineering education between Signatories.

This agreement is valid from the day it is signed by both parties and shall be reviewed at any time when either party wishes to make substantial changes to the terms contained herein.

Either party may terminate this agreement upon one year ahead of written notice to the other.

Agreed on 5 January 2026
